

Take-Home Activity 3 – Word Match 5 minutes

Fionn and Niamh (<http://www.webwise.ie/LearningResources>) learned that it is not 'webwise' to use one's own private email address to fill up their Robowarrior Registration Form. It is smart to keep your personal information private on the Internet.

How webwise are you? Can you match the words on the left to their correct meaning? Use arrows to link them.

netiquette

Information that lets people find you in real life, your name, phone number, address...

username

Being respectful when on the Internet. Treating others nicely online.

personal information

Junk email that fills up the mail box

spam

Make the computer 'ill', can stop it from working properly. Sometimes found junk email.

viruses

A screen name or nickname to use on the Internet to keep me safe online

Student's Name: _____

Date: _____

Parent: _____
